Ascension Greg.

Hi Greg. ☺

We have finished our plan for the house with a few alterations. If you don't understand some of them, feel free to call us. We are so excited, as we have seen a couple that have been built up here. We like our design the best, and especially the colours we have chosen and the changes to it. It will be a real WINNER and a eye catcher, sitting on the hill. It will be so noticable and it is right in view of the drive up to Range View, you can't miss us. YIPPEE. YIPPEE.

Ok Greg hope to here from you ASAP. as we can't wait to get it on the way. Many thanks for your nice service to us over the phone. You are a joy to talk to and ever so helpful. Wish there were more like you. Rushing is no trouble to you and so obliging. Let your Boss read this letter, as we are very happy and we have told all our friends and family about you. Well done Greg.

Kind Regards from Alison Olin
